SCHEDULE OF QUANTITIES

PREAMBLE TO THE SCHEDULE OF QUANTITIES

General

The Bills of Quantities forms part of the Contract Documents and must be read and priced in conjunction with all the other documents comprising the Contract Documents.

Description of Items in the Schedule

The short descriptions of the items in the Bills of Quantities are for identification purposes only and are not fully descriptive. Reference must be made to the Standardized Specifications, the Project Specifications and the Particular Specifications, read together with the relevant clauses of the Scope of Work and directives on the drawings, in order to ascertain what ancillary or associated work and activities are to be included in the rates for the operations specified.

The schedule has been drawn up generally in accordance with the latest issue of the Standard System of Measurement of Civil Engineering Quantities.

Pricing of the Bill of Quantities

The prices and rates to be inserted by the Tenderer in the Bills of Quantities shall be the full inclusive prices to be paid by the Employer for the work described under the several items, and shall include full compensation for all costs and expenses that may be required in and for the completion of the work and maintenance during the Defects Notification Period of all the work described and as shown on the drawings as well as all overheads, profits, incidentals and the cost of all general risks, liabilities and obligations set forth or implied in the documents on which the Tender is based. Where the Scope of Work requires detailed drawings and designs or other information to be provided, all costs associated therewith are deemed to have been provided for and included in the unit rates and sum amount Tendered such items. Reasonable unit rates and prices shall be entered in the Bills of Quantities as these will be used as a basis for assessment of payment for additional work that may have to be carried out.

Each item shall be priced and extended to the "Total" column by the Tenderer, with the exception of the items for which only rates are required, or items, which already have Prime Cost or Provisional Sums, affixed thereto. If the Contractor omits to price any items in the Bill of Quantities, then these items will be considered to have a nil rate or price.

All items for which terminology such as "inclusive" or "not applicable" have been ~~added by the Tenderer will be regarded as having a nil rate which shall be valid~~

irrespective of any change in quantities during the execution of the Contract.

The Tenderer shall fill in rates for all items where the words "rate only" appear in the "Total" column. "Rate Only" items have been included where:

- (a) An alternative item or material is contemplated;
- (b) Variations of specified components in the make-up of a pay item may be expected; and
- (c) No work under the item is foreseen at Tender stage but the possibility that such work may be required is not excluded.

For "Rate Only" items no quantities may be given in the "Quantity" column but the quoted rate shall apply in the event of work under this item being required. The Tenderer shall however note that in terms of the Tender Data the Tenderer may be asked to reconsider any such rates, which the Employer may regard as unbalanced.

All rates and amounts quoted in the Bills of Quantities shall be in Kenyan Shillings and shall include all levies and taxes (other than VAT). VAT shall be added in the summary of the Bills of Quantities.

6.1.5 Provisional Sums

Where Provisional sums or prime cost sums are provided for items in the Bills of Quantities, payment for the work done under such items will be made in accordance with the provisions of the General Conditions of Contract. The Employer reserves the right, during the execution of the works, to adjust the stated amounts upwards or downwards according to the work actually done under the item, or the item may be omitted altogether, without affecting the validity of the Contract.

The Tenderer shall not under any circumstances whatsoever delete or amend any of the sums inserted in the "Amount" column of the Bills of Quantities and in the Summary of the Bills of Quantities unless ordered or authorized in writing by the Employer before closure of tenders. Unauthorized changes made by the Tenderer to provisional items in the Bills of Quantities, or to the stated provisional percentages and sums in the Summary of the Bills of Quantities, will not be tolerated.

6.1.6 Correction of Entries

Incorrect entries shall not be erased or obliterated with correction fluid but must be crossed out neatly. The correct figures must be entered above or adjacent to the deleted entry, and the alteration must be initialled by the Tenderer.

6.1.7 Arithmetical Errors

Arithmetical errors found in the Bills of Quantities as a result of faulty multiplication or addition, will be corrected by the Engineer at the Tender evaluation stage, as set out in the Conditions of Tender.

6.1.8 Units of Measurement

The units of measurement described in the Bills of Quantities are metric units for which the standard international abbreviations are used. Abbreviations used in the Bill of Quantities, including some non- standard abbreviations, are as follows:

Mm	=	millimeters	h	=	hour
