 - (a) The forms will require adaptation to suit the requirement of each proposed procurement
 - (b) specific details, such as the names of the procuring entity should be furnished in the spaces indicated in the text.
 - (c) Where alternative clauses or texts are shown, the user should select those that best suit the particular contract and should discard the alternative text that will not apply.
 - (d) The instructions to candidates should basically remain unchanged. Any necessary amendments to any clause or additions should be made through Appendix to instructions to candidates.
- 1.5 The notes in the text of the prequalification documents are meant to assist the procuring entity in the preparation of the document. They are not part of the prequalification document and should therefore be deleted as the document is prepared.
