1.0 INTRODUCTION

This report is a compilation of findings received during public participation MTEF stakeholder forums held from 17th to 19th of February, 2015 in the twelve sub counties in Kiambu County. It contains proposed programmes and projects recommended for consideration in the preparation of 2015/2016 financial year budget.

The forums were widely advertised and publicized via local dailies, posters, church announcements and radio stations. They were an extremely important part of the process of developing the County Fiscal Strategy Paper(CFSP). In addition to providing feedback on specific issues and ideas, they helped energize and educate the community. All the forums were extremely successful and well attended. Many participants praised the County Government for excellent publicizing of the forums and proper organization of the meetings. They noted that the public had been continuously updated on county budgetary matters. The County Government will factor the public's feedback while preparing the 2015/16 FY budget.

1.1 SUMMARY OF COUNTY BUDGET MAKING PROCESS

The Government adopted the Medium Term Expenditure Framework (MTEF) approach to budgeting in the FY 2000/2001. Some of the key objectives of the MTEF are to link policy, planning and budgeting, and to ensure stakeholders participation in budget making process. There has been good progress in linking the Budget to the Policies and Plans at the County level. The County Integrated Development Plan(CIDP) and Annual Development Plan form the basis of budget making process.

It is a constitutional requirement to engage the public in financial matters and to build the capacity of/support the County Government to provide services for which they are responsible (Constitution of Kenya, 2010, section 117(5) of Public Finance Management Act, 2012 among others). The MTEF Sector Working Groups provides an entry point for stakeholders' participation in budget making process.

1.2 OBJECTIVES OF THE FORUM

Stakeholder's participation is a constitutional requirement and is essential in a number of ways as it enables stakeholders to engage in the planning process to identify their social and developmental challenges and propose home grown interventions to address the challenges. It enhances transparency and accountability, promotes inclusivity in the planning and budget making process, enhances ownership, and participation of citizen in budget implementation, monitoring and evaluation. It also allows harmonization of interventions; minimize duplication of efforts and wastage of resources. Further, it enables the citizens to better appreciate the national resource constraints and the need to prioritize the needs and wants and enhance openness, transparency and accountability in the budget making process. Finally it provides a platform for effectively communicating planned policies and programmes, and to give and receive feedback on the planned interventions/implementation of programmes.

1.3 STAKEHOLDERS FINDINGS

This section gives the findings of the forum on various MTEF sectors which is mapped in a matrix form.

A. AGRICULTURE, LIVESTOCK AND FISHERIES

RUIRU SUB COUNTY

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
1.	Green house for Kwihota Polytechnic	Gatong'ora	1	To improve food security		To facilitate agribusiness

KIAMBU SUBCOUNTY

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
1.	Construction of a milk cooling plant	Ting'ang'a	1	To improve food security		Milk get spoilt before reaching the market
2.	Construction of a slaughter house	Ting'ang'a	2	To improve food security		Long distance covered to the nearest slaughter house
3.	Completion of Kiambu Veterinary office, laboratory and ablution block	Sub County	1	To improve working environment		The project was started but not in use because it is incomplete

GATUNDU SOUTH SUB-COUNTY

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
1.	Training of farmers in animal and crop farming(Field days, Demonstrations and Farmers tours)	Kiganjo	1	To increase food production		There is need to create awareness and equip farmers with modern farming skills
2.	Free vaccination of livestock	Kiganjo	1	To control livestock diseases		To reduce the loss of livestock to disease
3.	Marketing of the fish produced and education on fish farming	Ng'enda	1	To improve food security		There is lack of market for the fish farmed
4.	Construction of milk coolers in Gatundu Town	Ng'enda	1	To improve food security		Farmers need to preserve the milk before getting a

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
						market
5.	Free vaccination of livestock in Ng'enda ward	Ng'enda	1	To control livestock diseases		To control disease and maximize on profit
6.	Introduction of Tissue Culture bananas and nurseries	Ng'enda	1	To improve food production		The residents lack better breed of bananas
7.	Lighting of the slaughterhouse at Gatundu	Ng'enda	1	To improve ambience		The slaughterhouse has inadequate lighting
8.	Subsidized Artificial Insemination of cattle	Ng'enda	2	To improve animal breeding		Better breeds of cattle can be produced
9.	Capacity building for farmers	Ng'enda	1	To enhance food productivity		To enhance agricultural production for both plants and livestock
10.	Green houses at Kiamwangi	Kiamwangi	1	To improve food security		This will boost agricultural production
11.	Construction of an artificial insemination centre	Kiamwangi	2	To improve animal breeding		This will improve on animal breeding and milk production
12.	Training of farmers on livestock production	Kiamwangi	1	To improve food security		This will improve on animal breeding and milk production
13.	Milk cooling plant at Kiamwangi Shopping Centre	Kiamwangi	1	To improve food security		Farmers need to preserve their milk before marketing it
14.	Animal vaccination	Kiamwangi	2	To control diseases		This will control the spread of diseases
15.	Construction of milk cooler at Karatu	Ndarugo	1	To improve food security		This will enable farmers to preserve their milk
16.	Construction of milk cooler at Kirangi	Ndarugo	1	To improve food security		This will enable farmers to preserve their milk
17.	Construction of green houses at Karinga	Ndarugo	1	To improve food security		The area is semi-arid
18.	Provision of untreated farming water at Wanugu and Karatu	Ndarugo	1	Access to water for irrigation		This will support farming which is a source of livelihood in the area
19.	Reviving of Karatu Agricultural show	Ndarugo	1	To promote agriculture		This will enable the local farmers to display their produce

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
20.	Agribusiness education and facilitation	Ndarugo	2	To enhance food productivity		For the 13 sub locations - to help farmers to understand the scope and the potential

LARI SUB COUNTY

S/No	Project Name	Location/Ward	Priority ranking	Objectives	Cost	Justification
1.	Construction of Model Agriculture learning centres	Kamburu	1	To enhance food productivity		To equip farmers with modern farming skills

GATUNDU NORTH SUB COUNTY

S/no	Project Name	Location	Priority ranking	Objectives	Cost	Justification/Remarks
1.	Value adding/ food processing zone at Karure center.	Mang'u	1	To improve food security		This will make product sell at widely when in finished form this will provide revenue.
2.	Provision of Irrigation water.	Chania	2	To improve food security		Improve farming.
3.	Fruit processing factory.	Chania	3	To improve food security		Will promote agriculture.

KIKUYU SUB-COUNTY

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
1.	Green Houses and Capacity Building	Nachu	1	To improve food security		To increase food production
2.	Construction of fishponds	Nachu	2	To improve food security		To increase food production
3.	Demonstration sites	Nachu	3	To improve food productivity		To equip farmers with modern farming skills
4.	Construction of dams, Riu-Nderi	Karai	1	Access to water for irrigation		Water for irrigation and there is quality work available
5.	Fishponds in Nyakumu and Riu Swamp for women groups and youths	Karai	2	To improve food security		Availability of land hence making it useful and a source of income

6.	Epi Culture (Bee Keeping) for women groups and youths	Karai	3	To improve commercial agriculture		Creation of employment to the youth
7.	Green houses for women groups and youth	Karai	4	To improve food security		Availability of land and also a source of generating income

KABETE SUB-COUNTY

S/No	Project Name	Location	Priority Ranking	Objectives	Cost	Justification/Remarks
1.	Establishment of a farmers training center.	Kabete	1	To enhance food production		Development of modern agriculture and equipping farmers with modern farming skills
2.	Construction of green houses.	Muguga	2	To improve food security		To teach famers how to manage and construct them.

LIMURU SUB-COUNTY

S/No	Project Name	Location	Priority Ranking	Objectives	Cost	Justification/Remarks
1.	Construction of two green houses	Limuru East	1	To improve food security		Missed allocation in the first phase and it is also a source of income
2.	Construction of green houses in Rironi, Kamandura, Gitogothi, etc	Limuru Central	1	To improve food security		This will increase food production
3.	Construction of green house	Ngecha/Tigoni	1	To improve food security		Help Agricultural Youth Groups
4.	Cold Room for Horticultural Products	Bibirioni	1	To improve food security		Farmers lost their produce due to lack of a cold room
5.	Green houses	Bibirioni	2	To improve food security		A source of Income
6.	Green houses Nderu and Thigio	Ndeiya	1	To improve food security		It is a source of income

KIAMBAA SUB-COUNTY

S/No	Project Name	Location	Priority Ranking	Objectives	Cost	Justification/Remarks
1.	Construction of a Kiambaa dairy plant	Mucatha	1	To improve food security		For value addition and creation of employment

2.	Construction of Kiambaa dairy farmers milk collection centre(no 8)	Kihara	1	To improve food security		Need to provide a clean and safe collection centre
3.	Construction of Karuri milk processing plant	Karuri	2	To improve food security		For income generation
4.	Kiambaa dairy farmers milk cooling plant	Kiambaa	2	To improve food security		There is need to store milk before it gets to the market

B. ROADS, TRANSPORT, PUBLIC WORKS AND UTILITIES

RUIRU SUB COUNTY

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
1.	Grading gravelling and murraming Mwalimu farm Rd	Gatong'ora	1	To improve accessibility		The roads are almost non existent
2.	Grading gravelling and murraming Gikumani By-Pass	Gatong'ora	1	To improve accessibility		The road is impassable
3.	Grading gravelling and murraming Rainbow kwihota Rd	Gatong'ora	1	To improve accessibility		The road is impassable
4.	Installation Security lights in Machinani stage and Rainbow stage	Gatong'ora	1	Improved security		It will improve security
5.	Construction of a main bridge to Nurera Sec	Gatong'ora	1	To improve accessibility		The road is impassable
6.	Repairing of flood lights at progressive stage	Kiuu	1	To improve accessibility		Improved security
7.	Murraming Kiuu of all feeder roads	Kiuu	1	To improve accessibility		The road is impassable
8.	Construction of Matatu terminus for Z corner	Kiuu	1	To improve accessibility		There is no bus terminal
9.	Installation of Flood	Kiuu	2	To improve accessibility		Improved security

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
	lights at Mumbi stage and Z corner					
10.	Erection of Bumps and Zebra Crossing from Progressive	Kiuu	1	Reduced accidents		To reduce pedestrians accidents
11.	Installation of Culverts on all feeder roads	Kiuu	1	To improve accessibility		The road is impassable
12.	Construction of Biashara Bus park entrance and drainage	Biashara	1	To improve accessibility		To reduce conjection
13.	Installation of Flood lights Kihunguro disciple and Fort Jesus	Biashara	1	Improved security		Improved security
14.	Construction of Footbridge along Masaku stage	Biashara	1	Reduced accidents		To reduce pedestrians accidents
15.	Grading gravelling and murraming Ruiru market-Catholic hall road	Biashara	1	To improve accessibility		The road is impassable
16.	Grading gravelling and murraming Jua kali – Nazareth Hospital Road	Biashara	1	To improve accessibility		The road is impassable
17.	Installation of Streets lights in Ruiru Town	Biashara	1	Improved security		Improved security
18.	Grading gravelling and murraming By-pass to Kihunguro to Plainsview Rd	Biashara	1	To improve accessibility		The road is impassable
19.	Grading gravelling and murraming Mahira-Stage 160 Rds and Drainage	Mwihoko	1	To improve accessibility		There is no direct road to the stage
20.	Grading gravelling and murraming Baraka Rd (from main through Mwihoko 2 to	Mwihoko	1	To improve accessibility		To connect two villages

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
	Intercity)					
21.	Grading gravelling and murraming Stage Jeshi - Stage 160 Rd and Drainage	Mwihoko	1	To improve accessibility		For better connectivity
22.	Construction of Bridge- Kiriri University Rd to Mutirithia	Mwihoko	1	To improve accessibility		It is Impassable
23.	Installation Security Lights along Discovery & Kizito and Jeshi	Mwihoko	2	Improved security		The street is dark
24.	Installation of culverts to all graded and rehabilitated roads	Mwiki	1	To improve accessibility		To manage storm water and avoid destruction of rehabilitated roads
25.	Murraming and grading of roads	Mwiki	1	To improve accessibility		To improve the rehabilitated and the new roads
26.	Erection of a Mast Flood Light	Mwiki	1	Improved security		To curb insecurity
27.	Grading and raising the standard of Claywork - Membley By-pass road	Mwiki	1	To improve accessibility		Heavy traffic joining the large prime area with a lot of revenue base
28.	Construction of Bus Park	Mwiki	1	To improve accessibility		There Are Many Psv And Buses Causing Traffic At The Entrance
29.	Construction of Footpath Along Mwiki Road	Mwiki	1	To improve accessibility		The narrow road causes pedestrians to walk on the main road hence causing traffic
30.	Tarmac Road (Githurai To Mt.Kenya- D.O Githurai To Chuma Mbili-D.O	Mwiki	2	To improve accessibility		There are hardship in movement of people from the stage to the interior
31.	High Mast/ Flood Lights	Mwiki	2	Improved security		Insecurity due to the darkness
32.	Tarmacing of the road	Kahawa wendani	1	To improve accessibility		It is the main road

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
	from Magunas to Kwangethe Bridge					joining the Thika Super Highway joining Kiuu Ward from the bridge
33.	Flood lights in Security Hotspots like Caleb Centre and Bosnia	Kahawa wendani	1	Improved security		Insecurity
34.	Murraming of all feeder roads	Kahawa wendani	1	To improve accessibility		Feeder roads are in poor condition
35.	Roads- Upgrading Or Roads To Bitumen Standard (Kericho And Geoffrey Liruti Roads)	Kahawa sukari	1	Improved accessibility		They Are High Traffic Roads Serving Schools And Churches
36.	Construction of Kahawa sukari Exit Points	Kahawa sukari	2	To reduce traffic congestion		Heavy Traffic At Kahawa Sukari Entrance
37.	High Mast/ Floodlights At Main Centre & Felma	Kahawa sukari	1	Improved security		Insecurity

KIAMBU SUBCOUNTY

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
1.	Grading gravelling and murraming Eliud Thuku Road	Riabai	1	To improve accessibility		They are in poor condition
2.	Grading gravelling and murraming Gitamaiyu Machua Road	Riabai	1	To improve accessibility		They are in poor condition
3.	Grading gravelling and murraming Gatina – Ruiru road	Riabai	1	To improve accessibility		They are in poor condition
4.	Grading gravelling and murraming John Muchiri Road Kirigiti Stadium	Riabai	1	To improve accessibility		They are in poor condition
5.	High mast security lights at -Tinganga shopping centre -Tinganga ma-ini stage	Ting'ang'a	1	To improve accessibility		Insecurity

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
6.	Grading gravelling and murraming Kagongo road	Ting'ang'a	1	To improve accessibility		They are in poor condition
7.	Grading gravelling and murraming Makenga road	Ting'ang'a	1	To improve accessibility		They are in poor condition
8.	Grading gravelling and murraming Nyautu road	Ting'ang'a	1	To improve accessibility		They are in poor condition
9.	Grading gravelling and murraming Mbiyu-Jevanje road	Ting'ang'a	1	To improve accessibility		They are in poor condition
10.	Culvert installation in all access roads	Township	1	Improved accessibility		Poor drainage
11.	Tarmarking of catholic market roads	Township	1	To improve accessibility		They are in poor condition
12.	Security lighting of market A, B and C	Township	1	Improved security		Insecurity
13.	Construction of Bus stage in Township area	Township	1	Improved accessibility		To reduce conjection
14.	Construction of Drainage of Kiwanganyo-Kiwandumbo road	Ndumberi	1	To improve accessibility		The road is impassable
15.	Construction of Ndumberi stage	Ndumberi	2	Improved accessibility		There is no stage in the area

GATUNDU SOUTH SUB-COUNTY

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
1.	Gravelling of Mugo Road	Kiganjo	1	To improve accessibility		The road is impassable
2.	Construction of Bridge at Itikarusa connecting kiganjo market to Githombe	Kiganjo	1	To improve accessibility		Serves as the only connection between Kiganjo and Githombe centres
3.	Grading gravelling and murraming Road behind shopping centre	Kiganjo	1	To improve accessibility		Development has stalled in one part of the shopping centre due to

S/No	Project Name	Location/Ward	Priority Ranking	Objectives	Cost	Justification/Remarks
						lack of access
4.	Grading gravelling and murraming Kiganjo Cemetery access road	Kiganjo	1	To improve accessibility		It is difficult to access the cemetery from the main road
5.	Healing of gulleys st Kiamwangi Shopping Centre	Kiamwangi	1	Improved security		This will prevent soil erosion
