MEMORANDUM OF OBJECTS AND REASONS

The object of the bill is to impose or vary various fees, infrastructure maintenance fee and other charges for various services provided by the County.

Part I Provides for preliminary provisions

Part II Provides for various fees, charges and rents. The bill **does not** generally seek to increase most of the charges, fees and levies owing to the current COVID-19 pandemic and the resultant adverse effects to the economy. The Bill, however, for various reasons seeks to **slightly increase** some charges, fees and levies namely; Impounding and Demurrage Charges under part iii of the first schedule; Hire of county exhauster services under part ii of the second schedule (other solid waste management charges); Environmental management service fees under part iii of the second schedule; All Penalties under part ii of the third schedule apart from Late payments of seasonal tickets – BodaBodas/PSV-Motorbikes and unclamping charges; Physical planning fees Under part 1 of the fourth schedule; Monthly fees under part I of the eighth schedule (Soil, water and forestry conservation Fees).

Further, the bill proposes to **introduce** charges currently not provide for in the Act such as; Monthly fee for motion screen advert under part vi of the fourth schedule; Monthly and per trip fees for 4 axle lorries under part I of the eighth schedule (Soil, water and forestry conservation Fees).

In addition, the bill proposes to amend the Kiambu County Health Services Act no. 2 of 2019 by replacing the first schedule with the nineth schedule to this Act. This is in order to rationalise charges for the commodities and services offered across the health facilities in the county.

Part III provides for payment to the County Government to be made through an authorized channel. It requires receipt to be issued for all payments made to the County Government and provides for an offence for those who contravene the provisions of this part. It also provides for appointment of agents for the assistance in revenue collection and recovery of payments to the County Government.

Part IV provides for a general penalty for failure to comply with any provision of the Act. It also provides for offences by the staff of the County Government including the penalty for the offences. This Part provides recourse if a person is aggrieved by non-performance of the County Government officers.

Part V provides for savings for the revenue/charges that is currently being collected/charged by the County Government until the laws on such fees, charges, permit or rent are expressly repealed or a law is enacted to provide for them. It also provides for savings of directions, resolutions or authorization that were issued by the former Municipal Councils, Town Councils and County Councils before the County Government came into being. These directions, resolutions or authorizations relate to financial management to ensure the financial base of the County is not affected by the enactment of this law.

The bill empowers the County Executive Committee Member for Finance to make regulations for the better carrying out of the purposes and provisions of the Act.

**WILSON MBURU KANG'ETHE,
COUNTY EXECUTIVE COMMITTEE MEMBER,
FINANCE, ICT & ECONOMIC PLANNING.**
